

MEMORIAL SERVICE FOR SEPTEMBER 11th

The Broome County Firefighters' Association will hold a Memorial Service to remember all the brave firefighters and others who died on 9/11/01. We would like to invite all fire companies in our area to attend the Memorial Service on Saturday, September 11, 2010, at 1 pm at the Port Crane fire station, located at 844 Route 369 in Port Crane. This will be held in conjunction with Fire Expo 2010.

We hope that your fire company will attend to honor the 9/11 victims and especially the 343 firefighters who died that day. If possible, we ask that you send a vehicle and uniformed personnel to participate in the Memorial Service. If you have a funeral bunting for your truck, or any kind of 9/11/01 memorial items, please feel free to display these on your vehicle. Even if you cannot bring a vehicle with a crew in uniform we hope that all fire departments in our area will have personnel in attendance to represent their fire company at the Memorial Service.

If possible we are requesting that fire departments RSVP to broomecofire@stny.rr.com by September 4, 2010, with an approximate number of firefighters attending, just to give us an idea of how many will be in attendance at the Memorial Service. However, if you do not RSVP we hope you will still attend the ceremony.
