3 action packed programs Hands on programs!

**Task Force 1, Inc. presents
*Managing the MAYDAY***

"Managing the Mayday" is an intense training program designed to prepare the participants to deal with a fire officer's worst nightmare...a MAYDAY. Even when a mayday is called, the event that the fire department initially responded to still has to be managed as well as the MAYDAY event. Through a mix of lecture, discussion and intense mentally challenging hands-on exercises, participants will learn the skills needed deal with this most stressful event.

The Coordinated Attack

Lead Instructor: BC (ret.) Steve Schellenberg
District of Columbia Fire and EMS Department

The Coordinated Attack is designed with the goal of integrating company operations into a well coordinate and safe approach to fire ground operations. Using NIMS and ICS compliant command principles, students will have the opportunity to participate in several field exercises that will be both physically and mentally challenging!

Howell Rescue Systems presents Genesis Crash Course

This is the same crash course offered in Ohio only on a smaller scale. **80 cars 10 pits 100 students = 100% destruction!!!**

Two days of scenario-based vehicle extrication, hands-on training. Learn to maintain a high level of safety, while freeing victims from vehicle wreckage as quickly as possible under complicated scenarios. Howell Rescue Systems, and its network of dealers provide the best in extrication rescue training along with deliveries of new GENESIS Rescue Tools. This class is being offered Sat and Sun Sept. 19th and 20th, at the cost of \$250.00 per student. This class will fill quickly, Don't miss out!!!

Learn to maintain a high level of safety while freeing victims from vehicle wreckage as quickly as possible, under complicated scenarios.
